Selection Criteria

- Papers will be reviewed and judged based on the criteria described below. Each paper will be given a score of 0 – 10 (where 0 is the lowest and 10 is the highest score) against each criterion.
- The score allocated to each paper by each reviewer shall be multiplied by the weighting and then added. The highest scoring paper shall be recommended for the *Sustainability Prize*. Where two or more papers receive the same total score, the paper which has the highest score in the highest weighted criteria shall be recommended for the prize. If the papers are still tied, the highest score in the second highest weighted criteria will be recommended for the award, and so until a winner is found.
